## The Jordan Schnitzer Museum of Art invites submissions for the 12th annual *NewArt Northwest Kids* exhibition.

Teachers of public, private, and home school students in grades K–12 may submit work for consideration in this show of student art.

### About the exhibition

This year's theme, **Protecting the Northwest's Natural Beauty**, examines our role in caring for our environment. This encompasses recognizing our collective responsibility to preserve the quality and safekeeping of our land, air, water, plants, and animals. Students are encouraged to consider various Oregon ecosystems, such as the forest, high desert, mountains, and coast. The artwork may be in many forms, including painting, prints, digital art, illustration, and collage. Students are required to answer the questions posed in the entry form to provide context about their work. Please note that 3D work cannot be considered at this time. The theme can be connected to Common Core subject areas of history, social studies, science, and language arts. See <http://jsma.uoregon.edu/> for more activity ideas responding to the theme.

**The *NewArt Northwest Kids* exhibition will be on view February 16 - April 28, 2019. Student artists will be honored at an opening reception on Saturday, April 13, 2019, at 11:00 a.m., followed by a free Family Day.**

### How to participate

Teachers are asked to select a limited number of student works to submit—one entry per student, please. Museum staff will select a maximum of fifty pieces for the show.

### Submissions must adhere to the following guidelines:

- Artwork must have been created within the past year.
- Two-dimensional work only, unmatted and unframed.
- Maximum size: 12 inches x 16 inches.
